Reddit DB Write Testing

Test with unconstrained tables 1

150429 records were inserted in 1981571305 nanoseconds (1.981571 seconds).

Test with unconstrained tables 2

150429 records were inserted in 1459286521 nanoseconds (1.459287 seconds).

Test with unconstrained tables 3

150429 records were inserted in 1382139306 nanoseconds (1.382139 seconds).

Test with unconstrained tables 4

150429 records were inserted in 1530219375 nanoseconds (1.530219 seconds).

Test with constrained tables 1

150429 records were inserted in 11079360170 nanoseconds (11.079361 seconds).

Test with constrained tables 2

150429 records were inserted in 11019074374 nanoseconds (11.019074 seconds).

Test with constrained tables 3

150429 records were inserted in 10664972995 nanoseconds (10.664973 seconds).

Test with constrained tables 4

150429 records were inserted in 10791244148 nanoseconds (10.791244 seconds).

Test using staging to unconstrained tables 1

150429 records were inserted in 4812334104 nanoseconds (4.812334 seconds).

Test using staging to unconstrained tables 2

150429 records were inserted in 4694852785 nanoseconds (4.694853 seconds).

Test using staging to unconstrained tables 3

150429 records were inserted in 4541713235 nanoseconds (4.541713 seconds).

Test using staging to unconstrained tables 4

150429 records were inserted in 4649293191 nanoseconds (4.649293 seconds).
